🏠 EDUCATION

University of Maryland, College Park

Ph.D. in Computer Science

Supervisor: Marine Carpuat

Sep. 2023 – Present

Maryland, United States

Korea University

Bachelor of Statistics, Bachelor of Computer Science and Engineering

Summa Cum Laude

Mar. 2019 – Jun. 2023

Seoul, S.Korea

International School of Prague

Feb. 2015 – May 2018

Prague, Czech Republic

INDUSTRY EXPERIENCE

Research Scientist Intern

May. 2024 – Dec. 2024

Adobe Research

California, United States

- Developed a multi-agent planning benchmark (GraphicBench) for graphic generation tasks [P4].
- Evaluated performance of various LLM agents on both planning and execution stages.

Research Intern

Jan. 2023 – Jun. 2023

NAVER Cloud, Papago

Seoul, S.Korea

- Focused on solving semantic leakage, where a significant amount of language-specific information is unintentionally leaked into semantic representations, present in current representation learning methods.
- Developed model with our training objective, Orthogonality Constraint Learning (ORACLE) to disentangle language bias and semantics in cross-lingual sentence embeddings, leading to effective parallel data mining [W1].

Research Intern

Aug. 2022 – Dec. 2022

LG AI Research

Seoul, S.Korea

- Participated in developing and evaluating LG's billion-scale bilingual Large Language Model, EXAONE.
- Experimented shot variations and few shot example selection methods leveraging re-ranking models based on similarity metrics, which led to improved generalization ability than previous methods.
- Developed novel cross-lingual prompting techniques to enhance cross-lingual transfer of Large Language Models [W2].

Co-Founder & Software Engineer

Aug. 2020 – Dec. 2021

Da-Chae

Seoul, S.Korea

- Developed convolutional neural network-based framework which updates parameters in the direction of minimizing parameters between image pixels.
- Enhanced UI/UX flow for better recommendation of paintings based on users' interior theme.
- Participated in multiple investment meetings with Donghwa Corp. and Hankook Ilbo.

TEACHING

(CMSC320) Introduction to Data Science | *Teaching Assistant*

Aug. 2023 – Dec. 2023

(GEST151) Data Science and Artificial Intelligence | *Student Mentor*

Mar. 2022 – Jun. 2022

(GEST151) Data Science and Artificial Intelligence | *Student Mentor*

Mar. 2021 – Jun. 2021

- Nominated as *Best Mentor* through mentors and students' survey.
- Instructed weekly lectures and lab sessions using R and Python.
- Guided 60+ students' final projects in preparation for the Data Science Grand Conference.

KUBIG NLP BoostCamp Course | *Lecturer*

Jan. 2021 – Feb. 2021

EXTRACURRICULAR ACTIVITIES

EvalEval Coalition | *Sub-team Leader*

May. 2025 – Jan. 2026

- Worked on investigating the current state and mitigation approaches on benchmark saturation [P5].
- Led the literature review team.

Vizable | *Team Leader, Staff*

Jan. 2022 – Jun. 2022

- Studied and created various dashboards using data visualization tool Tableau.

KUBIG (Data Science Society of Korea University) | *President*

Dec. 2020 – Jul. 2022

- Led multiple collaboration meetings with IT service companies (*Makina-Rocks*) for industry-academic research collaboration projects.
- Conducted team-based projects: Lecture review summarization, GPT-2 based Curriculum Vitae generation.
- Instructed Winter 2021 NLP Bootcamp course for the whole society members.

KUBA (Korea University Budy Assistant) | *Staff*

Jul. 2020 – Dec. 2020

- Planned and organized peer mentoring programs for the international exchange students at Korea University.

Koala Univ. Data Science Club | *Member*

Mar. 2020 – Jun. 2020

- Lead multiple courses on data crawling, data processing and machine learning based analyzing techniques.
- Participated and advanced as finalist at *Koala Univ Hackathon*.

HONORS & REWARDS

Jul. 2025 Jacob K. Goldhaber Travel Grant, University of Maryland
Jul. 2025 International Conference Student Support Award, University of Maryland
2023-2025 Dean's Scholarship, Department of Computer Science, University of Maryland
Dec. 2022 Dean's List Scholarship, Department of Statistics, Korea University
Aug. 2021 Finalist, Korea Univeristy Capstone Datathon
Jun. 2021 Best Teaching Mentor, Data Science and Artifical Intelligence
Apr. 2021 Tableau Desktop Specialist
Apr. 2021 SQLD (SQL Developer), Korea Data Agency
Apr. 2021 ADSP (Advanced Data Analytics semi-Professional), Korea Data Agency
Oct. 2020 Runner-up, Seoul Entrepreneurship Competition
Aug. 2020 Runner-up, Korea Artificial Intelligence Hackathon
2016-2017 University of Waterloo Math Representative
